

The Tarantula Killing Wasps.

The tarantula killer is a bustling, unquiet creature. When running on the ground its wings vibrate continuously. When it sights its prey it flies in circles around it. The tarantula trembles violently; now runs and hides; now, rising up, shows signs of fight. The waspful hunter darts upon its victim with curved body and stings in its sting if possible into the soft abdomen. Often the spider is at once paralyzed, but a second and even a third wound is sometimes necessary. The victim seizes the poisonous insect with its jaws and drags it to a safe place previously dug. Sometimes it is deposited on egg mass and covers it up. In this case the bulk of the tarantula is usually destroyed, but the off-spring, and one which is provided, as seems to be the case with the sting, storing wasps. But the most danger is from the small, smaller wasp, gaster many many small and it is quite full. It is known in Harper's Magazine.

How the Tibetans Dress.

Lay and style alike, the inhabitants of Lassa are entirely similar to those of the rest of Tibet. There is indeed but one difference even in the dress. In one province through which we passed the women use a turban instead of a head-dress. In Lassa a fillet ornamented in the same way is bound close down over their hair, fluffed out on either side, and falls down over the shoulders. It is one of the most becoming ways of doing the hair that I have ever seen, and for a certain type the entire dress of a woman of Lassa would be a becoming costume for a fancy dress ball at home. The dress of the men and the women is very similar. There is a single undergarment and one heavy native cloth robe, dun or crimson in color, and usually patched, which both sexes pull in around the waist with a girdle, the men pouching it at the waist to form the only pocket that they use.—World's Work.

Earthquakes.

Earthquakes generally do their work with great rapidity, but there are exceptions. While Caracas and Lisbon were destroyed in a few minutes, the Calabrian earthquakes beginning in 1783 lasted four years. Earthquakes travel across the earth at velocities varying between several hundred and several thousand feet a second, the greater the intensity of the shock the greater being the velocity. The sea waves that frequently accompany earthquakes also travel at tremendous speeds. A submarine earthquake near the coast of Japan in 1854 gave rise to sea waves which traversed the whole breadth of the Pacific at the rate of 370 miles an hour. At Simoda, Japan, the waves from this earthquake were thirty feet high. At San Diego, Cal., they were only six inches high.

STRAIN TOO GREAT

The strain and struggle of busy life causes nine-tenths of the daily aches and pains and kidney sufferings of humanity.

The busy folks—who work hard and rest little, who think hard and sleep little, are those who overtax the kidneys most.

To overwork the kidneys is to congest and clog them—to disturb and disorder them in their great work of filtering the blood.

Busy men and women are too apt to neglect sick kidneys. In spite of aches and pains and urinary disorders they go on overworking until the kidneys give out.

There is no middle road for the kidney sufferer. He must either help and cure the kidneys, or go the downward course towards fatal diabetes and bright's disease. There is no standing still.

Watch for Symptoms of Kidney Diseases. Regard Backache as a Danger Signal. Test the Urine. Help the Kidneys Do Their Work. Cure Them When They Are Sick.

HOW TO TELL—There are many symptoms to tell you of sick kidneys. First, the many aches or pains—Dull aching in the small of the back. Sharp pains when stooping or lifting.

Rheumatic aching in the muscles. Neuralgic pains in the nerves. Headaches, sideaches, gout, sciatica. And the urinary symptoms, some apparent, some found by simple tests. Frequent passages day and night. Scalding, due to inflammation. Scanty passages, or a stoppage. Red, thick, and blood-stained urine. Other common symptoms are: Puffy eyes; swollen limbs. Pallid, waxy complexion. Drowsiness, lack of energy, languor. Dizziness, "spots" before the eyes. Weak heart; debility, indigestion. There is only one thing to do when any of these symptoms appear, and that is to cure the kidneys. No need to experiment. Doan's Kidney Pills have cured hundreds of people in your own city. Their testimony proves it.

Doan's Kidney Pills will cure you. This great kidney specific has restored thousands of kidney sufferers to complete and permanent health. It is intended for the kidneys and for the kidneys only.

ARDMORE PROOF.
R. F. Mills of Ardmore, I. T., tailor and dyer, residing at 509 West Main street, says: "In the month of May, 1902, I gave for publication a testimonial recommending Doan's Kidney Pills. They cured me of pain in my back, never severe enough to cause me to lay off work, but sufficient to cause me more pain than one should endure when Doan's Kidney Pills can be easily obtained. Today, a year after making my original statement, I cannot add anything to it except that I have exerted myself in many ways, but have never had the slightest symptom of a recurrence of my old trouble. Doan's Kidney Pills cure absolutely."

If you wish to try Doan's Kidney Pills free of expense, write to Foster-Milburn Co., Buffalo, N. Y., for a trial box.
